

Family Relationship Centre Project Service

Following a trial of the Family Relationship Centre (FRC) Pilot, the Centre has been successful in obtaining limited funding to operate its FRC Project Service until 30 June 2013.

This project aims to assist separating couples to be better aware of their rights and responsibilities through the provision of legal information, advice and community education.

We thank the Commonwealth Attorney-General's Department for provision of funds which make this project possible.

For further information about the FRC Project Service or to make an appointment please phone 4031 7688.
